MISSION STATEMENT

As a witness for Jesus Christ, Victory Health Partners exists to minister to the physical, emotional and spiritual needs of the medically under-served by providing affordable, quality health care services. We recognize that God is the True Healer and the source of all. We seek to know Jesus Christ, His Son and to make Him known.

GOD'S HEALING CHANGES LIVES SIGNIFICANTLY

As we begin 2017, we are amazed at how far God has brought Victory in our fourteen years of care. When we look to the future, we pause to remember the principal focus of Victory God originally placed on the hearts of Dr. and Mrs. Robert Lightfoot. This God-centered focus is what drives the staff and volunteers to daily enter into the hurt and needs of our patients and share the light of Jesus Christ. This focus is the motivator to be successful in all aspects of Victory. But more importantly, we pursue making a significant impact in the lives of the patients we are privileged to serve. This significance we strive towards is lasting and immeasurable.. It is holding patients by the hands and interceding for them through prayer. It means working tirelessly to get the patients the lifesaving care they need for their illnesses. The impact of this significance is walking into an exam room and hearing a patient say, "I have found Him."

We believe that 2017 will be another year where God changes lives significantly. Because of the compassionate generosity of our donors, partners and volunteers who join us in our pursuit of significance, our patients can receive a complete spectrum of care. Because of you our patients can experience hope, find healing, and have their dignity restored as they take ownership of their healthcare. The following pages do not just tell of the 2016 story of Victory Health Partners. They tell the story of another year where the Body of Christ said 'yes' to the pursuit of eternal significance and how that has forever changed our lives and the lives of our patients.

God shows Himself daily at Victory through the patients who get the physical and spiritual care they need, and in many cases, cannot get anywhere else. Medical mission trips to foreign counties are wonderful and nice, but mission work can be done here in Mobile. The staff, volunteers, and physicians are changing lives right here in our own backyard. Even if only one life is changed through Christ, all of our efforts have been worth it.

Dean Brown, Board Member

To me, Victory Health Partners is a great example of what God meant when He said, Love thy neighbor.

- Keith Manwaring, Board Member

A Word From Doc

Success and Significance

Success is the favorable or prosperous termination of anything attempted. Significance means fitted or designed to make known something having meaning. Success and significance are not mutually exclusive, but co-exist; one working toward the other in both directions. Success in the things of God breeds significance and significance in His Kingdom (by making Him known) is blessed by success. We can not truly obtain significance in Him, through Him and for Him, without being successful in all He asks of us – by His power and grace. God calls us not just to success, but to significance. Our destiny is significance.

At Victory Health Partners, over these 14 years, God has blessed us with success as we have pursued significance. Our success can be found in the number of lives encountered, medications dispensed, and the broad scope of medical care provided to our uninsured neighbors. The significance is found in the words of the testimonies of our patients. We are now more than ever committed to significance – to making Him known in changed lives. When we, together, actively pursue eternal significance by placing others before ourselves, Kingdom work is accomplished! Join us!

Blessings!

Robert D. Lightfoot, M.D.
Founder and Executive/Medical Director

Our Partnerships Make Everything Possible

2016 Income by Source

Total Income: \$1,151,546

“Among all the incredible things our partner physicians do for our patients, maybe one of the greatest is to help restore their dignity. Dignity is a part of our wellness. I cannot tell you how many times our patients return from their appointments with our partner physicians and tell us with a huge smile on their face, “They treated me like just like everyone else.” Dignity restored on the path to wellness! We are so grateful for our partners as they count others more significant than themselves!

-Dr. Robert Lightfoot

Offering Hope: The Standing Stone Society

As we look back on 2016, Victory can clearly see the eternal impact the support from our faithful donors has made in the lives of the thousands of patients we are privileged to serve. The joining of hope and healing saves lives physically and restores lives spiritually and emotionally. Because of you, a critically ill patient had access to a specialist who provided life-saving care, a patient took a deep breath as a result of the Pulmonary Clinic, a diabetic received their insulin for no cost and a listening ear was given to a patient battling depression from an abusive relationship. Patients experience the hope from the Ultimate Healer in a clinic that will care for their needs in a dignified manner. We thank you for the significant difference you impart through your support to Victory.

I have seen counselors most of my life and Jason is the best counselor I have seen. He listens and encourages me to feel better about who I am and to dig deeper. I feel good about myself when I leave here. I feel like a whole different person. I was depressed and couldn't see any hope moving forward. Jason gives me a lot of comfort. We are able to laugh together. He has given me a lot of hope and I can now overcome the things I have been through in my life and move forward.

- A Patient

I had never been sick. My journey with Victory has included counseling, surgery, medication assistance, and most importantly, the staff and volunteers being the hands and feet of Jesus. Whenever I needed Victory, they stepped in. The thing I love the most about Victory is that it has a God environment. Where else will your doctor pray for you? I would stand at the top of the Statue of Liberty and share about Victory! Because when I share about Victory, it is sharing about how good God is and how He is the Great Healer.

Sharing Hope: Our Volunteers

Hope is visibly seen in the care and love shared with the patients from the volunteers who faithfully serve at Victory each week. Our volunteers live out Victory's mission statement by 'making Jesus Christ known' through the way they serve our patients. From answering phones, to sorting medications, and taking a patient's temperature; each task is meaningful and is making a difference at Victory. Thank you for the extravagant love you share and the hope you instill within the staff and patients of Victory.
