MISSION STATEMENT

As a witness for Jesus Christ, Victory Health Partners exists to minister to the physical, emotional and spiritual needs of the medically under-served by providing affordable, quality health care services. We recognize that God is the True Healer and the source of all. We seek to know Jesus Christ, His Son, and to make Him known.

HOPE MAKES HEALING POSSIBLE

What happens when hope and healing meet in the life of one of our patients? For a patient who has delayed their healthcare needs for years due to cost, it means an opportunity to finally receive the diagnosis on what has become a serious condition. It means they can afford both their appointment to see the cardiologist and pay their utility bills. Hope meeting healing means they experience the love of God through a prayer offered by a physician. God is working through Victory to bring ultimate, complete healing to His children. This last year has been a continuation of God's faithfulness, provision and perfect orchestration of His ministry at Victory. Within these pages you will see how He has used your gifts of support, time and talent to heal and offer hope to the patients served by Victory.

HOPE CHANGES EVERYTHING

I'm not sure exactly when it happened, but Victory Health Partners got under my skin and refused to be shrugged off as just another "worthy" cause. My wife, Margaret, was fully committed as Volunteer Coordinator and assisting with marketing and development and I was inexorably drawn into the amazing family of caregivers that is Victory. Once I found a niche where I could serve, faith has continued to anchor me fast to this mission which answers Christ's call to heal the sick and care for those in need: faith in Dick Lightfoot's heart and vision; faith in the dedication of the staff and volunteers; faith in the compassionate healing of Jesus Christ, the empowerment of the Holy Spirit and the unfailing love and mercy of God the Father. There are so many, many needs in our community and missions that address them. I am deeply grateful to have joined one that stays firmly focused on spreading the Good News of the Gospel - responding to Christ's call to be healers of both body and spirit.

A Word From Doc

Healing Makes Us Whole

One of the things we have always known from before we opened Victory's doors is that God is in this place! In the Presence of God there is all healing. Isaiah 58:8 says, "Then your light shall break forth like the morning. Your healing shall spring forth speedily." We have witnessed healing for anyone who walks through our doors – patients, staff, volunteers; physical, emotional and spiritual healing! Each hope meets the healing Presence of God through the Blood of Jesus. One of our foundational scriptures is Luke 9:2, "He sent them to preach the kingdom of God and to heal the sick." The kingdom of God is hope, love, grace, mercy and power. The order of Jesus' sending is important – first "preach the Kingdom of God" and then "heal the sick." We have the incredible privilege to share God's kingdom of love, hope, grace, mercy and power and then watch God's healing touch to all.

Each of our partners make it possible for Hope to meet Healing. I pray blessings upon each partner, and may you know the eternal difference you are making in our lives and the lives of thousands.

God bless!
Robert D. Lightfoot, M.D.
Executive/Medical Director

He sent them to preach the
kingdom of God and to heal
the sick.
Luke 9:2

2015 Income by Source

Total Income: \$1,174,585

As a patient at Victory I have received top level care, exceeding any care I received while insured. I've been treated with love, courtesy, compassion and respect. My mind is at ease knowing that I'll be able to live a longer, healthier life and see my new granddaughter grow up. What a priceless gift Victory has given me! I am overwhelmed that people would care enough about me, a stranger, to give freely of themselves.

**SHARON,
PATIENT**

Offering Hope: The Standing Stone Society

As we look back on 2015, Victory can clearly see the eternal impact the support from our faithful supporters have made in the lives of thousands of the patients we are privileged to serve. The joining of hope and healing saves lives physically and restores lives spiritually and emotionally. Because of you, a critically ill patient had access to a specialist who provided lifesaving care, a patient took a deep breath as a result of the Pulmonary Clinic, a diabetic received their insulin for no cost and a listening ear was given to a patient battling depression from an abusive relationship. Patients experience the hope from the Ultimate Healer in a clinic that will care for their needs in a dignified manner. We thank you for the difference you make at Victory.

“My favorite part about Victory is the whole ministry aspect of this place, they want to help people in every area of their lives. It is not just about the physical healing, but it is about the spiritual healing as well. Being able to pray with patients and seeing the appreciation that they have when they come into the clinic is something truly special. Victory restores hope in these people's lives!”

**ASHLEIGH ROACH,
STAFF**

“It is rewarding to me personally. I see so many patients who are going through hard times with their families, lost loved ones, emotional and financial turmoil, and when they come here they get to receive hope and comfort, and I think that makes their burdens easier to bear.

One of my favorite parts about working at Victory Health Partners is being able to work with the patients and help give them a chance to restore hope in their lives. Seeing the patients leave the clinic with a completely different outlook on their lives because God has done healing is something very special.

**JASON BYRUM,
COUNSELOR**

Victory does a great job of addressing the needs of the people who need it the most, and I wanted to be a part of that as my way to give back to the community. The patients are great and the staff is so well trained and dedicated to the patients. Through the resources that Dr. Lightfoot has brought together we really are able to provide an excellent quality of care to our patients, it really is the best care they can get.

Sharing Hope: Our Volunteers

Hope is visibly seen in the care and love shared with the patients from the volunteers who faithfully serve at Victory each week. Our volunteers live out Victory's mission statement by 'making Jesus Christ known' through the way they serve our patients. From answering phones, to sorting medications, and taking a patient's temperature; each task is meaningful and is making a difference at Victory. Thank you for the extravagant love you share and the hope you instill within the staff and patients of Victory.

I had been lost for a long time, in recovery for alcohol and other addictions, and the biggest thing I got from Victory was not a doctor's visit or my medication – it was hope. They (staff and volunteers) sat and prayed with me and reminded me that I'm not worthless, and I felt truly loved, which I hadn't felt in a long, long time. I can't say enough good things about the people there, and when I talk about them I start to cry. Thank you so much for all you do.
