

IMPOSSIBLE MADE
POSSIBLE

Victory Health Partners
2018 Annual Report

MISSION STATEMENT

As a witness for Jesus Christ, Victory Health Partners exists to minister to the physical, emotional and spiritual needs of the medically under-served by providing affordable, quality health care services. We recognize that God is the True Healer and the source of all. We seek to know Jesus Christ, His Son and to make Him known.

IT WASN'T SUPPOSED TO WORK...

The narrative of improbability was the story shared over the operations of Victory Health Partners from its inception. The 'business' of the clinic did not make sense through the worldly business lens. But in God's economy, it makes perfect sense. His abundant and faithful provision has perfectly aligned Victory to accomplish the purpose commissioned in order to make significant change in our patients' lives. It is in the testimonies of the 19,000 lives that have encountered annually that the power of the Body of Christ can be witnessed.

"I had been lost for a long time, in recovery for alcohol and other addictions. The biggest thing I got from Victory was not a doctor's visit or my medications, it was hope. The staff reminded me that I am not worthless, and I felt truly loved which I hadn't felt for a long time."

"Uninsured, my health suffered because I couldn't afford to see the doctor or buy medication. Since becoming a victory patient, I no longer work about taking money out of my family's budget for medications when I am sick."

"One thing I love about Victory is that I am personally known. We are treated as if we are friends and not just a chart. God has blessed Victory and all of the patients who receive care through the clinic. You can tell God is in control of it all because it works so great."

God shows Himself daily at Victory through the patients who get the physical and spiritual care they need, and in many cases, cannot get anywhere else. Medical mission trips to foreign counties are wonderful and nice, but mission work can be done here in Mobile. The staff, volunteers, and physicians are changing lives right here in our own backyard. Even if only one life is changed through Christ, all of our efforts have been worth it.

-Dean Brown, Board Member

I love the ministry and service to the uninsured medical needs of our community which Victory provides, but even more the underlying commitment to serving with the humility and kindness of Christ.

-Terry Harbin, Board Member

A Word From Doc

Impossible with Man, Possible with God.

“But He said, The things which are impossible with men are possible with God.” - Luke 18:27

With every assignment or calling of God there must be the sense of impossibility, the sense that there is no way we can do this. But there also must be a knowing that God can make it possible through us, if we are just willing to lay down our impossibility. There is an aspect of our service that only He can do in and through us.

There is that “sense” and then that “knowing” because I know Whom I serve. I have seen the God whom I serve make the impossible possible through the ministry of Victory Health Partners. Throughout Victory’s 16 years of ministry, you, our supporters, partners, and volunteers have made Kingdom investments through your sacrificial gifts of support, time, talents and resources. I have been significantly blessed to see God accomplish His mission through you each and every day at Victory.

I am keenly aware that there are opportunities ahead of Victory that through the world’s perspective seem impossible. But with God and the Body of Christ He has drawn together to care for His children at Victory, nothing is impossible. I wait in eager expectation for the possible work God has prepared for Victory Health Partners.

“Eye has not seen, nor ear heard, nor have entered into the heart of man the things which God has prepared for those who love Him.” 1 Corinthians 2:9

Blessings,

Robert D. Lightfoot, M.D.
Founder and Executive/Medical Director

COMMITTED AND ALL-IN

The growth in patient numbers, service offerings and impact can be directly attributed to God working throughout the Body of Christ to care for the growing number of our neighbors in need.

The numbers below represent our family, friends, and neighbors who fall within the healthcare gaps and need a hand up. Victory is deeply grateful for the community God has joined together to provide healing and hope to our patients.

Total Income: \$1,199,605

Among all the incredible things our partner physicians do for our patients, maybe one of the greatest is to help restore their dignity. Dignity is a part of our wellness. I cannot tell you how many times our patients return from their appointments with our partner physicians and tell us with a huge smile on their face, "They treated me like just like everyone else." Dignity restored on the path to wellness! We are so grateful for our partners as they count others more significant than themselves!

-Dr. Robert Lightfoot

Possibility Partners: The Living Stone Society

The year of 2018 clearly reflected the eternal impact the support of Victory's faithful donors make in the lives of the thousands of patients the clinic is privileged to serve. The union of hope and healing transforms and restores lives physically, emotionally, mentally, and spiritually. Because of you, thousands of patients have experienced the peace of knowing there is a place for them who will restore their dignity, heal their bodies and share the everlasting hope into their souls. God uses each donor to make the impossible possible through Victory Health Partners.

Making the Every Day Possible

The 60,000 volunteer hours represent time comprised of intentional moments of care and compassion restoring the lives of our patients. It is in these moments that Victory's mission is made possible. Every task holds significance whether it is answering the phone, sorting medications or triaging a patient. The testimony of a patient speaks of the work of our volunteers perfectly.
